## The ISR Awardees

### Jonathan R. Roque

**“It feels good to receive an ISR Award because I am able to contribute in extending help to the Community and to the Institution. However, I am not after the award, I am more concerned with reaching out and helping them.”**

### Dr. Felipe G. Balingit Jr.

**“Well, it feels great that I am able to contribute to our social responsibility efforts. My special thanks to ISRO people and CBA faculty and students who helped us to have a special citation for ISR.”**

## Maria Celeste M. Miranda

“It was an honor for me to have an ISR Award but at the same time, feeling pressured because I need to fulfill their expectations, but over all it is fulfilling because all the hardships and efforts were recognized.”

## Sarah Jane J. Danao

“To be given an ISR Citation Award is a wonderful achievement. It gave me great pleasure to give back service to my Alma Mater by lending a hand to the community, which is part of the school’s mission. I understand that this is the beginning of strengthening the ties of the alumni, students, parents and staff and to gather as one, by getting involved in social responsibility programs.”

## Abram Emmanuel R. Peralta

“I am honored to be an ISR Awardee and appreciate that the Institution sees the bulk of efforts I contributed to the department. Being an ISR College Coordinator is a full moral responsibility. The award is just an extra icing on the cake. The real sense of fulfillment comes from the concern about the community and the feeling of self-involvement which grows everyday.”

## Ma. Anna Corina G. Kagaoan

**"I feel so humbled by the recognition given to me for an action that I feel is a duty of everyone. The benefit show was not just mine to begin with. It was an effort of all members of the Cultural Affairs Family."**

All of us should feel a sense of nationhood and this should compel us to look out for our fellow men. Whenever one is in need we should not think twice to help and do whatever we can to help. We hope that this can inspire other Lyceans as well. No matter how small the contribution is, we can make a difference.

## Ms. Lerma Y. Calingasan

**(In behalf of the faculty of LPU International School)**

**"The honor belongs to the teachers. We told the students that it won't hurt them much if they gave up some of their luxuries which could help a lot of victims. Their genuineness in giving is what made me really happy. They didn't ask for anything in return. The donations from the students and from the parents just kept coming. Maybe because we related well with them which made them trust us, trust Lyceum. It was an affirmation that we were doing things right and their hearts are in the right place."**
